9 The report furnished by the Municipal Council is very unsatisfactory. Even after correspondence between the Engineer and the Council as to details as to when the establishment was maintained and whether it has been disbanded or not it will be seen from the report that there are 19 gangs employed and 7 for patching works. The report is not stated as to how many hours each gang contains in the repairs section and in the case of a patching gang, it is hard to ascertain as to how many men make up each gang is most respectfully submitted that the work done by the repairs and patching gangs is only seasonal & it should be possible for the Municipal Engineer to distribute the work in such a way that it can be attended to according to a scheduled programme. The gangs cannot have work all

14) I fully agree with the above note of the Asstt Secy. From the facts mentioned above the employment of the additional gang was perhaps superfluous and especially the employment of 3 masons with 3 male coolies. It is doubtful whether the services of all these three masons could have been fully & usefully utilised — Now that the period of employment is over there is no other alternative than to accord sanction to the entertainment of this gang for 6 months from October 1947 - with the observations as contained in the draft put up. The expenditure to be incurred is Rs 256/- p.m & Rs 370/-

Subject Employment of a special guard for repair and painting in lanes of III Division – Bangalore City

Sir,

With reference to your letter No A1=C 164/47-48 dated 15-11-47, I am directed to observe that in the resolutions of the Managing Committee dated 17-10-47 and of the Municipal Council dated 6-11-47 – the special guard is proposed to be maintained for 4 months till the end of December 47. The resolutions are inconsistent as the

period between 17-10-47 & 6-11-47 and the
of Dec 47 is not four months. This
observance requires to be reconsidered

Further, the details of pay proposed
to be given to each of these members of
gang are not also mentioned, but only
the lumpsum expenditure is stated

It may also be kindly stated if the
gang has been already employed and if
so, from what date. The definite

Sub - Employment of a special gang for repairs and pitching in lanes of III Division

Adverting to your letter No L 11655 dated 10-12-1947 on the above subject, I have the honour to state that it is reported by the Municipal Executive Engineer that the special gang entertained early in October 1947 as per details noted in the margin was found necessary to be continued for 4 months to complete the work

Three masons Rs 30 + 18 D A each
Three male coolies Rs 13 + 15 D A each
Female cooly Rs 13 + 15 "

Re para 4, It is further reported that there are in all 19 gangs of which 12 are for repair works and the remaining for pitching works The Pitching Gang of all the Divisions consists of 2 masons and one male cooly There are no masons in I Division

Owing to heavy rains during the early part of the last monsoon there was a good deal of disturbance to the pitching in the several lanes in a large number of places and this emergency demanded the entertainment of the Special Gang

The expenditure in this behalf will be met out of the closing balance in the current year's budget
